## Junghans EXKLUSIV wall clock collection.

As a traditional element in interior decor, these regulators with their modern design and mechanical technology capture perfectly today's trend in terms of taste and functionality. The collection also includes the modern pendulum clock with precision quartz technology.

### 324/4010

**Mechanical regulator**  
26.0 x 82.0 x 15.0 cm.  
8-day spring-driven movement, 4/4 Westminster chime with automatic night-time cut-out. Solid walnut case with applied arch sections in grained Vavona wood with silk gloss finish. Ornament in black. Rear panel made of exquisite grained Vavona. Front and sides of mineral glass. Enamel-painted dial with polished brass ring. Lattice pendulum. Polished brass pendulum disc.
